Notice	Appeal decision: overturned (medical benefit)
Authorization number	LKS-PA-26-118377
Original case	LKS-UM-26-55017, denied 10/09/2026
Member	Dana Reyes DOB 04/12/1991
Member ID / group	LKS884210377 / 70412-HCPS
Service approved	vedolizumab 300 mg IV, HCPCS J3380 (300 units per dose), 2 doses
Site of care	Riverbend Health Infusion Center
Valid from / to	10/16/2026 to 12/31/2026
Appeal received	10/12/2026, standard pre-service appeal

Decision: Overturned on appeal. Approved.

Lakeshore Health Plan has reviewed the appeal and **overturned** the denial dated 10/09/2026. The request for **vedolizumab 300 mg IV, 2 doses, at Riverbend Health Infusion Center** is approved, valid **10/16/2026 to 12/31/2026**.

Rationale: The appeal includes a gastroenterology note dated 09/10/2024 documenting secondary loss of response to an infliximab product (infliximab-dyyb) despite interval shortening, with a low trough level and antibodies to infliximab, after which the product was discontinued. This names the agent and the outcome and meets policy LHP-RX-114 section 3.4. Criteria 3.1 to 3.3 remain met. The earlier medication history did not include this therapy because it predates the infliximab-dyyb start.

Bill each dose with HCPCS J3380, 300 units, and the authorization number above. Doses must be given at an in-network infusion center or hospital outpatient department (policy section 8). Approval does not guarantee payment; payment depends on eligibility and benefits on the date of service.

Reviewed by: Gregory Thale, MD, board certified in gastroenterology, Associate Medical Director. Dr. Thale was not involved in the original decision.
